ABOUT ME

I am a visual designer with experience in graphic design, UI/UX, digital production, and marketing. I enjoy exploring new approaches to design and creative problem-solving while maintaining a strong focus on effective design implementation. My marketing strategy contributed to strengthening the market position of a company I previously worked for. My interests span both visual and digital design, with a particular focus on creating clear, engaging, and functional experiences.

WORK EXPERIENCE

Graphic designer

Cersanit S.A.

03.2025 - present

- Designing and developing ceramic tile collections based on briefs, trends, and technological requirements.
- Developing and refining high-resolution graphics for industrial digital printing, ensuring accurate colour reproduction and compliance with production-line requirements.
- Producing physical ceramic tile prototypes for clients and exhibitions, turning design concepts into production-ready samples.
- Designing additional graphic and material assets, adapting production files to technological and planning changes, troubleshooting visual and technical issues during the implementation of new designs.
